General

There are now 84,000 refugees from Cambodia, Laos and Vietnam in camps in Thailand, and nearly 8,000 additional refugees from Vietnam elsewhere in Thailand and in other Asian countries to which they escaped by boat. Each month between 1,200 and 1,500 persons escape into Thailand from Laos and Cambodia, and 500 Vietnamese make their way to countries on the littoral of the South China Sea. With the President's approval, you requested that the Attorney General authorize the parole of 15,000 of these refugees into the U.S. and after consultation with the Congress the Attorney General on August 11, 1977, did so.

Funding

The major expenses involved in paroling these refugees are incurred in their selection, documentation, transportation, and resettlement placement. These functions will be performed by a combination of the United Nations High Commissioner for Refugees (UNHCR); the Intergovernmental Committee for European Migration (ICEM), private American voluntary agencies, and U.S. Government officials and will cost an estimated \$13.5 million. Of this amount, \$3 million is needed immediately from funds currently available in the United States Emergency Refugee and Migration Assistance Fund for program start-up costs and initial operation. An additional \$4.2 million from the Fund for continuing program costs will be needed on October 1, 1977 when additional refugee emergency funds are expected to be available in the FY 1978 appropriation. Additionally we are now requesting an urgent FY 1978 Migration and Refugee Assistance supplemental appropriation for the remaining \$6.3 million needed to complete the program.

Recommendation:

That you sign the attached memorandum to the President.

THE SECRETARY OF STATE
WASHINGTON

MEMORANDUM FOR: THE PRESIDENT

From: Warren Christopher, Acting

Subject: Presidential Determinations to Provide Funds for the Parole of 15,000 Indo-chinese Refugees into the United States

The Attorney General has authorized parole into the United States for an additional 15,000 Indochinese refugees, and funds to support the program are urgently needed. The United States Emergency Refugee and Migration Assistance Fund can be used to make monies available to the Department of State by way of Presidential Determinations that the use of such funds are in the national interest. (Section 2(c) of the Migration and Refugee Assistance Act of 1962.)

The Emergency Fund does not presently contain enough monies to cover the projected costs of the program. Therefore one Presidential Determination for \$3,000,000 from funds currently available and a second for \$4,200,000 from funds expected to be available on or about October 1, 1977 are attached. The \$3,000,000 will be used for program start-up and initial operating costs. \$4,200,000 will be needed to continue operations through the remainder of calendar year 1977 and beyond. An additional \$6,300,000 is estimated as the requirement to complete the program. This is being urgently requested as a FY 1978 Migration and Refugee Assistance supplemental appropriation. The funds are required for selecting, documenting, processing, transporting and the resettlement placement of the up to 15,000 refugees to be paroled into the United States. Of the 15,000, 8,000 are to be selected from camps in Thailand, and 7,000 from elsewhere in Thailand and in other Asian countries to which they have escaped by boat.

This emergency situation is the consequence of the collapse of the governments of Indochina in 1975, and of the continuing exodus from those countries. I believe it

is indeed in the national interest to admit these refugees and that their movement should begin as rapidly as possible.

Recommendation:

That you sign the attached Determinations to make available \$3,000,000 now and \$4,200,000 on October 1, 1977 to the Department of State for the parole of Indochinese refugees into the United States.
